

Do you have a barn, vineyard, storage area, or other large property?

IF SO, A CAREER CAT MIGHT BE RIGHT FOR YOU!

WHAT IS A CAREER CAT?

Career Cats are best suited for outdoor settings due to temperament or other circumstances. They typically prefer to perform certain “jobs” outside of the home in locations such as barns, shops, vineyards, storage areas, supply yards, and more.

HOW DOES IT WORK?

We will do our best to match up a cat with your particular circumstance. Once we find what we believe to be the right fit, we will contact you to see if you agree. You will be asked to sign an adoption contract to finalize your adoption. The adoption fee is waived!

WHAT DOES THE ADOPTION INCLUDE?

All cats in the Career cat Program have been:

- Spayed or neutered
- Microchipped
- Rabies and FVRCP vaccinated
- Tested FELV/FIV tested
- Examined and treated for fleas and ear mites

For more information or to adopt a Career Cat, contact us at
(916) 782-7722 ext. 6170 or brittneyg@placerspca.org
